

## CENTER DRIVE SCHOOL

### *HOME OF THE EAGLES*

To: Members of the School Committee

Fm: Judy Marvin, Principal

May 28, 2019

June is here! With June comes end of year assessments, field trips, field days, sport banquets, classroom activities, and graduation.

We finished up the NWEA testing. I will analyze the results this summer and share the information with all of you in a future report. As you know, the NWEA's are our consistent form of standardized assessment that many teachers use as a measure for their student growth in the evaluation system and the growth I use as a principal when evaluating our instructional programs. I would like to thank Mr. Mugnai for all that he does when it comes to testing and doing make up tests. Trying to do makeups during this time of the year can certainly be a challenge.

The 8<sup>th</sup> grade students will be going on their class trip Friday, June 7<sup>th</sup>. Students will be visiting the Old Town Y and new this year, attending the Queen City Cinema Club for a private movie showing of their choice then returning to Center Drive. Graduation will take place on Tuesday, June 11<sup>th</sup> at 6:30 with a reception immediately following. At the moment, we have 25 students attending Brewer High, 14 students attending John Bapst, and 1 student attending Bangor High and 8 students attending Hampden as 9<sup>th</sup> graders in the Fall. As always, this may change over the summer.

As always, we had a very successful, but short, Spring sport season with wins and losses and individuals on our Track team breaking school records. I would like to thank the coaches and assistants for all of the time that they put into this for our kiddos. Our first music concert took place last week. We have an amazing group of talented young men and women that performed along with a dedicated, equally talented music teacher, Mrs. Miller, for putting this concert all together. Thank you for an enjoyable evening.

I believe we have had, as a whole, a very successful school year this year, so I thank everyone for making that happen. "It takes a village..." we certainly have that in this school. We are very fortunate.
